

Archmagos Dominus Voltaire

19-A

-Elected Archmagos following the death of [Sojourner Wakes](#)

-Served as an Ambassador of Archmagos Wakes interested during negotiations for the repairs of [Port Lysander](#)

-Attended the Gubernatorial Wedding alongside [Magos Biologis Kolabite 62-Ø](#) and [Magos Aedifex Vector van Flange](#); gifted the couple a Manufactorum. During the wedding, engaged [Magos Logis Eizen](#) in a discussion regarding the election of the next Arch Magos, as he is currently leading the polls. I gave honest replies to his answers, both in my assessment that the value of Magos van Flange's rivalry with Archmagos Wakes was being underestimated in current polity, and that I personally will vote for the Magos Aedifex. He appeared to take no offense to these calculations.
