

Auditor Ordinate Kef Moevell

-Rival of [Auditor Ordinate Iulianus](#)

-Employed by the [Ordo Historica Veritas](#) to destroy certain documents relevant to the [secret histories](#) of Asterion; motives appear to be entirely concerned with personal ambition, rather than sharing the organization's ideals

-Outfitted with a cranial bomb, detected during DNI information extraction; likely the work of the OHV and/or the [Order of Silence](#).

-Information extracted from Moevell includes local contacts in the OHV; it is recommended that we follow up on these leads.

-Following conflict in the Archive, Moevell was apprehended and arrested; execution would not be unlikely
