Illisear

-Feral World and the site of much Missionarus Galaxia activity; however, many missionaries that attempt to convert the population towards a more orthodox version of the Imperial Cult are instead converted themselves to the planet's local variant.

-Sole employee at the office branch is Clive Grimnet, whose isolation may be poorly affecting his ability to continue the role.

-Grimnet reported that Illisear grows Wardberry Trees, and that the fruit supposedly "wards off the Tallyman." Specialist Ford recognized this term as a name for the Chaos God Nurgle, indicating this matter may require additional attention. Berries are being shipped in high containment via the Absence of Decorum for additional study.
